[Welcome Package](#)

Welcome to Abeingo Association Canada. This package is for you to use as a reference to familiarise yourself with our mandate and values as well as the monetary contributions that help us run the organization.

Introduction

Abeingo Association Canada is a member – driven not-for-profit organization founded in 2004 and incorporated in 2007. The association was established as an Ontario-based not-for profit, non-political and non-denominational social association with the purpose of empowering members economically through social support, and intended to serve the general interest of members through self-help and promote understanding among them through cultural and social interaction.

Abeingo community is growing here in Ontario as well as other provinces such as Alberta. Credit goes to our members who have been faithful and loyal ambassadors in selling our success story to potential members. There has been steady growth in membership since the organization's inception in 2004 when it started off with 12 members. Like any other member driven organization, Abeingo's future growth and expansion will greatly depend on the diversity and numerical strength of its members.

In fulfilling our mandate through one of our objectives of promoting mutual aid and assistance, we have embarked on fundraising activities in support of AIDS orphans and their families in Kenya.

We believe your presence will bring added value to our organization. Below please find the breakdown of payments and details of our bank account.
